EDUCATION

University of Toronto

Bachelor of Business Administration with Specialist in Finance Co-op with Distinction

Toronto, ON

Sept 2022 – Aug 2026

WORK EXPERIENCE

Timbercreek Capital

Toronto, ON

Intern,

Sept 2025 – Dec 2025

- Built **LBO**, value-add, and development models across real estate investment scenarios, including acquisition and **refinancing of distressed properties** to evaluate turnaround and value-creation potential; modeled construction, lease-up, and exits, sensitizing leverage, cap rates, and operating assumptions across Timbercreek's fund strategies to evaluate **IRRs ranging ~16.6%–27%** and equity multiples.
- **Conducted portfolio optimization** across Timbercreek public equity and private funds alongside traditional equity and fixed-income allocations, applying portfolio theory to evaluate optimal exposure across risk-return profiles.
- **Supported comps and precedent-transaction analyses**; completed NAV reporting and fund-level return analysis across preferred returns, carry, GP splits, and co-investment structures.
- Produced quarterly fund updates, one-pagers, and pitch decks and **contributed to investment committee materials** covering deal rationale, valuation, and key risks.

CI Financial

Toronto, ON

Summer Intern,

May 2024 – Aug 2024

- Built Excel dashboards and Python scripts to monitor performance, liquidity risk, and capital deployment across **\$3B+ AUM** in multi-asset portfolios.
- Conducted **macroeconomic stress testing** and regression-based scenario analysis across equity and fixed-income portfolios.
- Valued public companies using **DCF, comps, precedent transactions**, and bull/base/bear scenarios to assess valuation and risk-adjusted returns.

Deal & Strategy Experience

Timbercreek: Heliostar Metals (TSXV: HSTR): M&A / Acquisition Analysis

- **Led analytical work** and due diligence alongside an analyst for a potential mining-sector acquisition, evaluating company fundamentals, transaction structure, financing, and key investment risks.
- **Built an acquisition/LBO model** and comps analysis to evaluate transaction economics, supporting a **~\$550M entry and ~\$1.1B** illustrative exit valuation.
- Developed investment committee materials covering transaction rationale, valuation, market research, and key risks.

Timbercreek: Litigation Finance: New Strategy Build-Out

- **Led the analytical build-out of Timbercreek's litigation finance strategy** alongside an analyst, translating claim-economics research into an investment underwriting framework.
- **Built a Monte Carlo simulation** using loss rates from law firms and benchmarked tail outcomes, incorporating a multi-tiered carry structure where the GP share scaled progressively with returns.

LEADERSHIP EXPERIENCE

Investment Club

Surrey, BC

Founder

Oct 2021 – Present

- Founded and grew a 60-member student investment club; managed family investment portfolios with macro-thematic, risk-managed strategies across sectors and market environments.
